The Sirona Connect SW 4.4.3 is a full version which is supported by CEREC Omnicam, CEREC Bluecam and APOLLO DI. The Sirona Connect SW 4.4.1 contains the following changes:

- **Straumann® Variobase®**

  Choosing TiBase as Scanbody Type the user can select Straumann® as Manufacturer and select Variobase®.

- **New language Swedish**

  The Sirona Connect SW can now be operated in Swedish language.

- **Quality improvement**

  Several bugs are fixed with this version.

We recommend all users to install the Sirona Connect SW 4.4.3.
